

Blue Tree Group is an investment banking boutique based in Munich, Germany, with a strong focus on mid-sized and fast-growing “technology-enabled” businesses. Blue Tree Group – Investment Banking frequently advises in international m&a buy- and sell-side transactions as well as in equity and debt financings. It commands three industry focused sector teams which are dedicated to perfectly assist companies from the Technology, Media & Consumer Goods as well as from the Software space. Our clients include pre-IPO companies, listed companies as well as growth financed firms and traditional hidden mid-sized champions from the German-speaking countries and the Benelux regions.

To strengthen our Technology and/ or Software team in Munich in Q2/ Q3 2022, we are hiring:

Investment Banking Associates (m/f/d)

Primary Responsibilities

- Project management in smaller transactions and valuation projects;
- Internal project management in larger international transactions;
- Act as “on the job” trainer for analysts, providing constructive feedback. Focus on improving the quality of analyst and summer intern work product.
- Industry-specific research assignments; and
- Develop relationships with new and existing clients in order to expand the business.

Prerequisites

- Prior working experience required; minimum 1.5 years within the corporate finance department in one of the “Big-Four” and/ or in an investment banking boutique;
- Interest in focusing on an industry sector and to develop own business cases;
- Strong demand to grow personally and professionally;
- Excellent communication skills with clients in native German;
- Excellent command of written and spoken English to communicate with the sector team;
- Strong academic background with studies abroad;
- Excellent analytical and problem-solving skills and hands-on mentality; and
- Ability to work independently and enjoy taking on responsibility.

What we offer You

As an integral part of our team, you will be personally supported from day one. We offer you an environment to learn, grow and outperform your peers in the financial industry.
